1 Introduction3

2 Policy.....3

1 INTRODUCTION

Within Infraco Consulting we are committed to providing services which meet the customers' specified contractual and project requirements, as well as all regulatory and legal compliance obligations. We are committed to setting and achieving the requirements of the IMS, and in all respects, the specified requirements and reasonable expectations of our customers. This policy outlines our commitments to implementing and upholding an IMS to the relevant standards.

2 POLICY

Infraco shall develop and maintain an Integrated Management System (IMS) that conforms to the requirements of ISO 9001, 14001 and 27001 so that Infraco can provide and maintain a consistently high quality in all work undertaken. The IMS shall ensure that proper communication, work control, and accountable records are generated for all work undertaken.

Infraco shall continually seek to reduce our use of resources such as water and energy, seek suppliers involved with reducing environmental impact, and continually improve on our 'reduce, reuse, recycle' processes.

Infraco Consulting shall continually seek to continually improve its ISMS through improving its software, hardware and data control processes.

Infraco is committed to complying with all environmental and information security compliance obligations, including all applicable legal and regulatory obligations.

All employees of Infraco are charged with promoting these aims and are required to familiarise themselves with the objectives of the IMS and the processes for achieving these declared objectives. Everyone connected with Infraco Consulting shall be supported in this according to their individual needs for personal development, training, and facilities. The IMS shall be continually improved whenever possible.

The Managing Partner has overall accountability for IMS. The HSEQ Manager is responsible for the development, implementation, and review of the IMS.

Total Quality Management shall be applied to every aspect of our activity and quality shall be the responsibility of everyone, in every activity, throughout Infraco.
